Career Objective

Motivated and detail-oriented aspiring Web Developer and AI professional with hands-on experience in Web Development, Artificial Intelligence, Prompt Engineering, and AI Workflow Automation. Proficient in C++, Python, HTML5, CSS3, Data Structures & Algorithms, and Problem Solving, with experience developing AI-powered applications and web-based projects. Seeking opportunities to apply technical skills, contribute to real-world projects, and continuously develop software and AI expertise.

Education

Islamiya Urdu Academy, Bihar
Class XI – Science Stream, BSEB

2026 – Present
Currently Studying

Vatayan School, Bihar
Class X – CBSE

2026
Percentage: 86%

Projects

MedVitals AI – AI Medical Assistant

- Developed an AI-powered healthcare assistant using Python and Streamlit.
- Implemented AI-based text and image analysis.
- Integrated voice input/output functionality.
- Built an interactive user interface for patient input and AI responses.

ThumbForge – AI YouTube Thumbnail Generator

- Built an AI-powered web application for creating YouTube thumbnails.
- Designed an interactive and user-friendly interface for thumbnail generation.
- Focused on simplifying the thumbnail creation workflow for content creators.
- Developed the application using Lovable with a modern web interface.

Apple Support AI Agent – Hiver SDE Intern Take-Home Project

- Built an AI-powered customer support agent using Python, NLP, TF-IDF, Logistic Regression, and Streamlit.
- Implemented intent classification, historical case retrieval, evidence-grounded reply generation, and AUTO-HANDLE vs ESCALATE decisions.
- Evaluated the system on a 199-example manually reviewed golden set and documented failure modes, safety limitations, and baseline comparisons.
- Built a CLI + Streamlit demo with leakage-aware evaluation and explainable escalation reasons.

Certifications

Oracle – Agentic AI Certified Foundations Associate

Sep 2026

- Earned the Agentic AI Certified Foundations Associate certification from Oracle University.

Technical Skills

- Programming:** C++ (DSA), Basic Programming Concepts
- Web Development:** HTML5, CSS3
- AI:** AI Prompt Engineering, Prompt Design, AI Workflow Creation & Automation
- Design:** Website Design, Basic UI/UX Design Principles
- Problem Solving:** Data Structures & Algorithms, Logical Problem Solving
- Other:** Content Structuring, Internet Research, Digital Tools

Languages

- Hindi:** Native Proficiency
- English:** Professional Working Proficiency
- French:** Basic/Intermediate Proficiency
